

2013 | HARLEY DAVIDSON® GENUINE MOTOR PARTS & ACCESSORIES

WHEELS

Say it with motion. Custom wheels are one of the easiest ways to completely revamp the look of your motorcycle. Pick nostalgic laced wheels or contemporary cast or forged wheels. Either way, you get a custom look that meets the highest standards of real-world performance and durability.

STRENGTH AND STYLE

From a visual perspective, the wheels, sprocket and brake rotors make up almost half of the motorcycle's profile, and set the styling direction for the whole bike. Choose wisely. Harley-Davidson® forged, cast and laced wheels undergo thousands of hours of real-world testing to meet the highest standards of performance and durability.

SEEING THE DIFFERENCE

MIRROR CHROME

Looking for the ultimate flash? Choose Mirror Chrome wheels. To achieve this rich look, our dedicated team of polishers spends hours preparing the wheel for its finish. All visible wheel surfaces are micro-polished to a glass smooth finish, and special masking is applied to prevent contamination to threads and bearing bores.

CONTRAST CHROME

Can't make up your mind? Choose Contrast Chrome wheels. We start with a hand polished wheel, and add a proprietary finish that features both gloss black paint and chrome highlights. The combination produces a stunning contrast that lightens the wheel's profile by visually thinning the spokes, rim and hub.

BLACK ICE

Want the blacked-out look but unwilling to give up the shine? Choose Black Ice wheels. First, we polish all the surfaces. Then we apply the exclusive Black Ice coating for a finish with incredible depth and shimmer—impossible to achieve with ordinary “black chrome.” These wheels look perfect on a blacked-out bike, but the wet-look holds its own in the company of chrome.

CUT BACK

Looking for a cool, hard-edged style? Choose Cut Back wheels. We start with a raw wheel, polish all the exposed surfaces, and coat the wheel in a durable easy-to-clean gloss black finish. But we don't stop there. We machine an intricate pattern into the wheel to the raw aluminum surface below. The resulting exposure of machined edges add a tough look to your ride's profile.

ORDERING PROCESS

Step 1: Select a wheel part number for your specific fitment.

Step 2: Select the wheel installation kit for your specific application (model, year, and front or rear). Note: If your model is not specified in the wheel fitment, a wheel installation kit will not make the wheel fit your model.

Step 3: Refer to the instruction sheet included in your wheel kit to determine the necessary parts required from the installation kit.

Step 4: Use only Harley-Davidson® specified tires. See a Harley-Davidson dealer. Using non-specified tires can adversely affect stability, handling or braking, which could result in death or serious injury.

WHEEL INSTALLATION KITS

Once you select your wheel style, select the Wheel Installation Kit designed specifically for your motorcycle. Kit includes the bearings and spacers required for installation.

Agitator

AGITATOR CUSTOM WHEEL

Get ready to stir things up. The 7 forward-facing spokes of these Agitator Wheels dig deep into the soul for maximum custom impact. Spiraling from the custom hub, the flat profile spokes blend to the edge of the rim, minimizing the profile of the wheel and adding an open look that's easy to see around the matching Floating Brake Rotors. Available in your choice of finish, these wheels will set the stage for your custom direction.

Requires separate purchase of model-specific Wheel Installation Kit, Sprocket hardware and Brake Rotor-specific hardware. See I-sheet for details. Installation may require separate purchase of wheel size and model-specific tire.

Roulette

ROULETTE CUSTOM WHEEL

When you take this wheel for a spin, you're always a winner. Stunning cast aluminum wheel features 11 slim spokes that blend with the rim for eye-catching style. The unique spoke shape stands proud on the rim's edge, mimicking the pockets on a roulette wheel. The surface catches and reflects light, just as the raised ridges deflect the spinning roulette ball. Available in your choice of finish, these wheels will add a sinister look to your custom ride.

Requires separate purchase of model-specific Wheel Installation Kit, Sprocket hardware and Brake Rotor-specific hardware. See I-sheet for details. Installation may require separate purchase of wheel size and model-specific tire.

Stinger/Fat-X

A. STINGER CUSTOM WHEEL

Scratch your customizing itch. This cutting edge 5-spoke Stinger Wheel is designed to draw your eye and hold your attention. The spiral spokes radiate from the fluted hub imparting a sense of motion, and their slim cross section creates an open and airy profile. These fully polished and mirror-chrome finished 18" wheels feature a deeply notched rim that adds visual interest, and can be accented with matching Stinger Sprockets and custom wave-accented Floating Brake Rotors. These cast aluminum wheels have undergone hundreds of hours of real-world testing to meet the highest standards of performance and durability. Requires separate purchase of model-specific Wheel Installation Kit, sprocket hardware and brake rotor-specific hardware. See I-sheet for details. Installation may require separate purchase of wheel size and model-specific tire.

B. FAT-X 5-SPOKE WHEEL

Add a splash of chrome without changing the distinctive custom style of your Sportster®. More than just a chrome-plated Original Equipment wheel, these 5-spoke wheels utilize tooling developed specifically for chrome-plating to give a near perfect finish without the "waves" created when polishing the Original Equipment cast wheel. Countless hours of polishing result in a superior finish. Special masking was developed to prevent plating corrosion inside bolt holes and bearing sleeve areas. All Genuine Motor Accessory wheels have been certified by Harley-Davidson to perform to our tough vehicle standards for quality and durability. Requires separate purchase of model-specific Wheel Installation Kit.

43300045 16" Front. **\$449.95**

Switchblade/Vapor

C. SWITCHBLADE CUSTOM WHEEL

C. SWITCHBLADE CUSTOM WHEEL

Add the brilliance of chrome without changing the distinctive custom style of your Dyna® motorcycle. This meticulously polished and chrome-plated version of the Original Equipment 10-spoke cast aluminum wheel casts glowing reflections, even while standing still. These wheels, chromed to the same strict standards you have come to expect from Harley-Davidson, are plated using custom masking that provides contamination-free bolt holes and bearing bores. This allows the installed bearings to fit as precisely as on our Original Equipment wheels, so you can be confident these wheels will ride as smooth as they look. Requires separate purchase of model-specific Wheel Installation Kit, sprocket hardware and brake rotor-specific hardware. See I-sheet for details.

40359-10 19" Front. **\$499.95**

Fits '08-later Dyna models (except FLD, FXDWG, FXDF and FXDFSE/2). Installation on models equipped with Original Equipment laced wheel will require separate purchase of model-specific Floating Brake Rotor.

700 WHEELS

Fat Bob®/Fang

A. FAT BOB® SLOTTED CUSTOM WHEEL – GLOSS BLACK CUT BACK

Come to the dark side. Add a sinister blacked-out look without changing the distinctive style of the Fat Bob® motorcycle. The Original Equipment slotted wheels are finished to a deep gloss black luster, and then meticulously machined to expose the raw aluminum below. The contrasting aluminum beveled edge slots and accent spots add a genuine custom look without compromising strength or performance. All Genuine Motor Accessory wheels have been certified by Harley-Davidson to perform to our tough vehicle standards for quality and durability. Requires separate purchase of model-specific Wheel Installation Kit.

Fits '08-later FXDF and FXDFSE/2 models.

40900075	16" Rear.	\$399.95

See pages 702-706 for custom sprocket and brake rotor options.

B. FANG CUSTOM WHEEL

Something to sink your teeth into. This custom disc wheel features a unique contrast chrome and black finish. First, the cast wheel is painted to a deep luster, then it is machined to expose the bare metal, and finally chrome-plated for a brilliant shine. This reverse process leaves crisp contrast lines without the rough masking lines of some other painted chrome wheels. Chrome-plated bolt-in "saber fang" inserts add a finishing touch. Requires separate purchase of model-specific Wheel Installation Kit, sprocket hardware and brake rotor-specific hardware. See I-sheet for details.

Fits '08-later FXDF and FXDFSE/2 models.

G. VRSC™ 5-SPOKE WHEEL – BLACK ICE

Brawn is back. Five big and beefy spokes define the distinctive hot rod styling, and the knife-edge shape provides an angular spin on the traditional custom wheel look. Treated to the exclusive black ice finish, these mirror-smooth wheels add an incredible depth and shimmer that is impossible to reach with an ordinary "black chrome" finish. Wheel kits require separate purchase of model-specific Wheel Installation Kit, sprocket hardware and brake rotor-specific hardware. See I-sheet for details.

Fits '09-later VRSCF models and '12-later VRSCDX models.
